

Special Itinerary for Lonely Twitcher Birding Tours

Peninsular Malaysia

Bird Photography Tour April 2018

6 Days (April 20-25 , 2018)

Private Circulation Only

This itinerary will cover Fraser's Hill, a prime birding location in Peninsular Malaysia as well as other local bird photography locations near the capital city of Malaysia, Kuala Lumpur. Bukit Tinggi is a highland destination mainly for a species of Peacock Pheasant and Partridge while the lowland forest near Kuala Lumpur has Rufous-backed Kingfisher as main attraction.

Day 1 (April 20) : Kuala Lumpur (KL) – Bukit Tinggi (L/D)

Meet in KLIA and transfer to Bukit Tinggi for an overnight stay. Today we will have an introduction to birding in Peninsular Malaysia enroute to destination.

Day 2 (April 21) : Bukit Tinggi (B/L/D)

Early morning bird photography at Bukit Tinggi. Depart for Fraser's Hill by afternoon. Upon reaching the hill station, we will continue photography with available day light.

Overnight in Fraser's Hill.

Day 3 - 4: (April 22, 23) Fraser's Hill (B/L/D)

For the next 2 full days, we will spend time shooting at selected locations within the hill station inclusive of night photography. Overnight in Fraser's Hill.

Day 5: (April 24) Fraser's Hill – Kuala Lumpur (B/L/D)

Morning photography in Fraser's Hill. Depart to Kuala Lumpur in the afternoon. Overnight in Kuala Lumpur.

Day 6: (April 25) Kuala Lumpur – KLIA (B/L)

Morning photography in a lowland forest near Kuala Lumpur searching for low and species . Transfer to KLIA by 2. PM . End of tour.
